BLACK KITE

IDENTIFYING CYBER RISK FOR MANUFACTURERS
MAXIMIZING PRODUCTION.
MINIMIZING SUPPLY CHAIN DISRUPTION.

HOW BLACK KITE HELPS MANAGE YOUR SUPPLY CHAIN

Quantify risk for executives with the only cyber risk rating platform that uses Open FAIR™ to measure the probable financial impact in case of a breach.

Meet evolving cybersecurity demands by cross-correlating findings to industry standards and best practices (CCPA, NIST 800-53, ISO 27001 and more).

Prevent unrecognized risk with an automated tool that identifies gaps and prioritizes remediation efforts on a continuous basis.

FINANCIAL

TECHNICAL

COMPLIANCE

THE ONLY PLATFORM THAT GIVES THE FULL PICTURE WITH A TECHNICAL, FINANCIAL AND COMPLIANCE VIEW

KNOW EXACTLY WHERE YOUR DATA COMES FROM

Black Kite is the only cyber ratings provider that is transparent from start to finish.

All it takes is one domain to conduct a non-intrusive scan using **1,000+ OSINT resources**

Determine criticality levels through MITRE and NIST frameworks

Receive easy-to-understand letter grades from 20 risk categories

LET BLACK KITE DO THE WORK FOR YOU

When you're faced with concerns over manpower and budget, the Black Kite platform gives you back the time you need to focus on what really matters: building a brighter future.
