

UniQuE Parser

UNIVERSAL QUESTIONNAIRE AND POLICY EXAMINER

Parse, analyze and map results to **every** control in **each** framework within the Black Kite platform

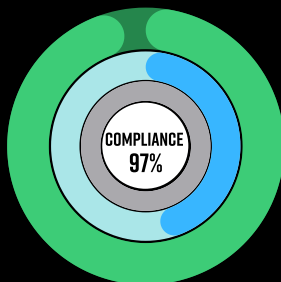

CURRENT PROCESS

- Requires vendors to complete **numerous questionnaires**
- Modified, custom questionnaires can be **labor intensive and complicated**
- Vendors' **established policies** place an added burden to parse and analyze
- **Tedious** for all parties involved

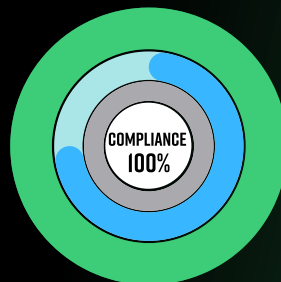

AUTOMATED WITH UNIQUÉ

- Consumes a **wide variety** of questionnaires and internal policies
- Maps content to well-known standards and frameworks **within minutes**
- Parses and processes **custom questionnaires** and documents
- Results are aligned within a framework in a **comprehensive view**
